Subject : My favourite season

Dear Billy,

How are you? My family and I went to Beijing last year. I didn't like it because it was very cold. I didn't like cold weather. However, I liked Great Wall. It was very amazing! I took many photos with my family. I felt happy.

My favourite season is summer. In summer, people like swimming in the sea, doing water sports, going ice-skating, eating ice-cream, etc. It is very hot in summer and there are many festivals in summer, like Mother's Day, Father's Day, Children's Day, Dragon Boat Festival, etc. One of them is my favourite festival. It is the Dragon Boat Festival because I like eating rice dumplings. They are very delicious!

In my last summer holiday, my family and I went to Ocean Park. It was my favourite place. I watched the dolphin show and looked at the pandas. Then, I rode on the cable car. In the cable car, I saw many beautiful views. I felt happy. I will write to you again soon!

Best wishes,

Mary

1st runner-up: 4A Steffan Callaghan 利沛之

Subject : My favourite season

Dear Billy,

How are you? I am fine, thank you! There are four seasons in Hong Kong.

My favourite season is winter. In Hong Kong, winter is not too cold or too hot.

It is just fine. I love winter because I can stay at home and watch TV, and I

can make an excuse for not going out to play because it's too cold.

Spring is coming. Can you tell me about your favourite season too? Email me and tell me about your favourite season.

Best wishes,

Mary

2nd runner-up: 4D Mui Yuen Ching, Janice 梅琬晴

Subject : My favourite season

Dear Billy,

How are you? Are you alright now? I hope you will get well soon. I also want to go to Beijing.

My favourite season is summer. The weather is hot in summer. People wear summer clothes.

In summer, people eat ice-cream and go to the swimming pool to swim or go to the beach to build sandcastles. We can wear sunglasses.

What is the weather like and what do you usually wear and do in this season? Do you like summer? Email me and tell me more about it.

Best wishes,

Mary
